The family run FISCHER Spindle Group, is a world leader in precise, fast and powerful rotation. We are a technology leader in precision spindle construction, milling head production and the construction of air compressors for fuel cell technology. At present, we have five worldwide locations. We are a partner of the leading machine builders and serve markets across the globe. In the United States, we employ around 70 people who ensure customer satisfaction through successful, innovative products and our outstanding service.

YOUTH APPRENTICE

FISCHER USA, INC.

YOUR MAIN TASKS

What you'll do:

FISCHER USA's Youth Apprentice will be exposed to a variety of manufacturing processes. This team member will be responsible for learning beside a qualified machinist or journeyman on all aspects of manufacturing to include maintaining and servicing equipment, machine programming and operation, inspection equipment and techniques.

YOUR PROFILE

Learning Opportunities:

- Under direct supervision, assist with loading and unloading operation and set-up activities of a Computer Numeric Controlled (CNC) machine(s) or manual manufacturing equipment.
- Learn how to read CNC programs, make necessary offsets, and machine parts to close tolerances.
- Remove sharp corners or edges from parts.
- Learn to read and comprehend blueprints and use Geometric Dimensioning & Tolerancing.
- Use of addition, subtraction, multiplication and the division of numbers including decimals and fractions.
- Responsible for inspection of his/her own work.
- Participate in efforts to continually improve processes.
- Must be willing to perform other tasks as required.
- Follow quality and safety rules.

WHY SHOULD YOU BECOME PART OF THE FISCHER GROUP?

FISCHER USA is a customer focused market leader of innovative service and design solutions for machine tools in the field of High Speed Spindle [HSS] systems. We are passionate about our work, inspired by the impact it has on our business and our customers.
