CNC Machinist - 3rd Shift

Well known as a “GREAT PLACE TO WORK” - Just ask our Employees!

We are currently in search of an experienced **CNC Machinist** to join our growing team. This is a **3rd shift** position with primary responsibility for the **Setup and Operation of CNC Mill /Turn Machining Centers.**

FISCHER, a world leader in High Speed Machine Tool Spindles for over 75 years, is continuing to grow. Find out how you can benefit by joining our high-tech team in our friendly and comfortable environment.

What are FISCHER USA Machinists responsible for?

- ◆ Set-up and operate modern CNC machines, such as Mazak CNC Milling and Turning Centers for the production of low volume, high precision components.
- ◆ Utilize prints, drawings, shop math, metric measurements, GD&T to interpret data to meet the required dimensions and tolerances of our product
- ◆ Utilize inspection equipment, including gages, micrometers, calipers, air gages, gage blocks, form measuring, or CMM devices, to ensure accurate parts are produced with the specified tolerances

What makes a FISCHER USA Machinist successful?

- ◆ Our Machinists come from a variety of backgrounds; but the common thread is a passion for the art of machining and an ability to think on their feet and be a problem solver.
- ◆ Pride in producing quality products and self-motivated to work independently and productively.

Benefits include:

An outstanding package of Health, Dental, Vision, Health Savings Account, Life & Disability Insurance, 401K, Vacation, Holidays, Profit Sharing, Tuition and Fitness Club Reimbursement Programs, and a 100% climate controlled facility.
