

The family run FISCHER Spindle Group, is a world leader in precise, fast and powerful rotation. We are a technology leader in precision spindle construction, milling head production and the construction of air compressors for fuel cell technology. At present, we have five worldwide locations. We are a partner of the leading machine builders and serve markets across the globe. In the United States, we employ around 70 people who ensure customer satisfaction through successful, innovative products and our outstanding service.

TOOLROOM MACHINIST (WORK IN A CLEAN ENVIRONMENT!)

FISCHER USA, INC.

YOUR MAIN TASKS

Have you been looking for a job to use all of your machining knowledge? How about working in a clean and beautiful work environment with great people? Then you've found the right place! We are looking to add a Toolroom Machinist to our team! Better yet, the job is first shift! If this sounds interesting to you, look over the details and consider applying.

Job function:

- Support the manufacturing through production of tools and fixtures for the milling and grinding departments.
- Support spindle repair department producing special tools and special disassembly operations.
- Produce one-off parts complete from an engineering drawing.
- Define operation steps with turning, milling, and grinding to achieve final part tolerance and geometry constraints defined on the engineering drawing.
- Occasionally produce tools or fixtures to fit a specific need without an engineering drawing or specification to support production needs.

YOUR PROFILE

Basic Requirements:

- Experience with lathes, mills, and cylindrical grinders and a demonstrated ability to produce precision tools and fixtures.
- Experience with feature tolerances in the ten thousandths or microns.
- Ability to read and interpret blueprints including GD&T
- Ability to use a large range of measuring tools common to manual toolroom operation.
 - Micrometers, Vernier calipers, telescoping gauges in combination with micrometer, dial bore, height stands, granite layout table, etc.

WHY SHOULD YOU BECOME PART OF THE FISCHER GROUP?

FISCHER USA is a customer focused market leader of innovative service and design solutions for machine tools in the field of High Speed Spindle [HSS] systems. We are passionate about our work, inspired by the impact it has on our business and our customers.
