CNC Machinist – 2nd Shift

What you'll Do.

In this position you will be responsible for setting up and operating CNC Machines, Lathes and Grinding machines. This includes loading the program, selecting and setting up tools, testing the program, and ensuring everything works correctly. You will also step in to trouble shoot and fix things when they break or go wrong.

NOTE: Our focus is on making perfect parts rather than volume.

Qualifications.

- Minimum 2 years' CNC experience, including programming
- Lathe and Grinder experience preferred
- Ability to work 2nd shift (NOTE: Initial training will occur on 1st shift)

Who we are.

FISCHER USA is a customer focused market leader of innovative service and design solutions for machine tools in the field of High Speed Spindle [HSS] systems. We are passionate about our work, inspired by the impact it has on our business and our customers.
